

MASSTECH GROUP SELECTS HARMONIC'S RHOZET™ TRANSCODING TECHNOLOGY FOR WORKFLOW-BASED ASSET MANAGEMENT

SUNNYVALE, CALIF. — JULY 14, 2008 — Harmonic Inc. (NASDAQ: HLIT) today announced that its Rhozet™ Carbon Coder™ video transcoding solution has been selected by Masstech Group Inc., a leading provider of solutions for media lifecycle management, for its MassStore® WAM™ Suite of workflow-based asset management products. Rhozet Carbon Coder provides a comprehensive transcoding option for Masstech users who have high volume or custom transcoding requirements.

“Robust format support, high-quality output and outstanding value are the key reasons we’ve selected Rhozet Carbon Coder,” said Sudy Shen, President and CEO of Masstech Group. “Rhozet transcoding technology meets the requirements of our broadcast customers who need support for the widest range of formats.”

“Masstech’s impressive WAM technology is used by broadcasters to optimize tapeless workflows,” said David Trescot, Vice President of the Rhozet Business Unit at Harmonic Inc. “Carbon Coder transcoding technology expands their offering by providing significantly more efficient workflow for these customers.”

The MassStore WAM Suite of products provides an unified enterprise-class platform for live and file-based ingest, stream transformation, production and news integration, business continuity, content delivery/distribution, and portal connectivity. The MassStore WAM Suite of products are powered by Masstech’s core Distributed Redundant Adaptive Cluster (DRAC®) architecture and the Workflow Management Engine, allowing for configurable and automated processes with federated access for global multi-site operations.

Harmonic’s Rhozet Carbon Coder is a universal transcoding application that facilitates the transfer of media between a variety of platforms, including acquisition, editing, playout, archive, the Internet and mobile devices. Carbon Coder can run as a stand-alone application or as part of a multi-node, fully-automated rendering farm. Carbon Coder provides high-performance, scalable and cost-effective transcoding for a broad range of business environments, from specialized studios to enterprise-scale installations.

About Masstech Group

Masstech is a global developer of media lifecycle management, workflow productivity enhancement, business continuity and compliance. MassStore WAM Suite of Workflow-based Asset Management products are used by our worldwide clients in broadcast, cable, production and satellite operations.

About Harmonic Inc.

Harmonic Inc. is a leading provider of versatile and high performance video solutions that enable service providers to efficiently deliver the next generation of broadcast and on-demand services including high definition, video-on-demand, network personal video recording and time-shifted TV. Cable, satellite, broadcast and telecom service providers can increase revenues and lower operational expenditures by using Harmonic’s digital video, broadband optical access and

software solutions to offer consumers the compelling and personalized viewing experience that is driving the business models of the future.

Rhozet, a business unit of Harmonic Inc., is dedicated to providing accelerated high-quality media transcoding solutions. The Rhozet solutions are offered in both off-the-shelf and customized software configurations for the production and content delivery markets.
